Criss Angel, MINDFREAK, Conjures Magic with Screen Goo at Planet Hollywood!

Kingston, Ontario, Canada, January 24, 2019 – It's no trick and it's not an illusion: Screen Goo delivered exactly the kind of realism superstar magician and illusionist Criss Angel needed to transport the audience for his new show at Planet Hollywood to magical heights!

The Gala Premiere Grand Opening on January 19th, 2019 was the spectacular culmination of months of collaboration between Criss, his design team and a dedicated group of cutting edge vendors including [Goo Systems](#).

After 10 years of residency at the Luxor, Criss Angel's new [MINDFREAK show](#) moved across the street to Planet Hollywood for a 5 year residency engagement starting in January 2019. Criss' new theater at Planet Hollywood was built to his specifications from the bottom up. To say that Criss is a "perfectionist" who gets things done exactly the way he wants them to be done is an understatement!

As such, the new show is a marvel of engineering, using state-of-the-art immersive visual technologies covering more visual area than any other production we know of. Criss says this is the largest theatre video system and lighting rig in the world, and also the largest pyrotechnic system, too.

"It's just overwhelming," he says. "... It's not a show you're just watching. It's a show that you're in."

Featuring [Screen Goo's Ultra Max Contrast 2.0 Theme Park coating system](#), illuminated with 10 of the latest Panasonic [PT-RQ32KU 3-Chip DLP™ 4K+ Large Venue Laser Projectors](#), the projections blended seamlessly with millions of pixels of LED imaging to create a truly immersive and mesmerising experience for the Star-studded opening night audience.

A [Screen Goo HE3D](#) coated scrim is also a critical component of the show and it was singled out for praise by a prominent Las Vegas entertainment journalist:

"There is advanced scrim work here that brings to mind the finer moments of "The Beatles Love" at The Mirage,"
John Katsilometes - Las Vegas Review Journal

For many, a real highlight occurred at the end of the show when representatives from the Caesar's Entertainment Group presented Criss with a \$10,000.00 cheque for the Jonny Crisstopher Children's Charitable Foundation.

We had the pleasure attending the gala premiere of the show and we'd like to offer our congratulations to Criss and his MINDFREAK team for creating an unforgettable evening of entertainment destined to be the talk of the Las Vegas Strip for many years to come.

Screen Goo has been a critical component of many theme park attractions, casinos, theatres and other such venues over the past 10+ years, and, having seen them all, nothing blew our minds quite the way Criss Angel's MINDFREAK show did. It is THE ONE to see and we at Goo Systems are extremely pleased and proud to be a part of it!

About Goo Systems Global

Goo Systems Global is Goo System's worldwide Sales, Marketing, Distribution and Customer Satisfaction/ Support center. The complete Screen Goo line of products is available through a rapidly growing network of Distributors and Dealers throughout the world.

About Chris Angel (from Wikipedia)

Christopher Nicholas Sarantakos was born on December 19, 1967 and known by the stage name **Criss Angel**. He is an American magician, illusionist and musician. Angel began his career in New York City, before moving his base of operations to the Las Vegas Valley. He is known for starring in the television and stage show Criss Angel Mindfreak and his previous live performance illusion show Criss Angel Believe in collaboration with Cirque du Soleil at the Luxor casino in Las Vegas. The show generated \$150 million in tourist revenue to Las Vegas in 2010. It was replaced by Mindfreak LIVE on 11 May 2016 (the show is partly produced by Cirque Du Soleil; however the directive rights are entirely with Criss Angel). He also starred in the television series Criss Angel BeLIEve on Spike TV, the reality-competition television show Phenomenon on NBC and the 2014 stage show Criss Angel Magicjam.

Angel has been on primetime television for more hours than any other magician in history, between his television series and various specials on cable and network television. He holds multiple world-records made during his magic performances, and was named Magician of the Decade in 2009 and Magician of the Century in 2010 by the International Magicians Society. In addition to his career as an illusionist, Angel was the lead singer for his industrial band Angeldust, which released five albums between 1998 and 2003. He wrote the book Mindfreak: Secret Revelations.
